

Welcome

to William Tyndale School

Last year's fundraising

2021/2022 saw our first full year back in school where events could properly take place, in person, since 2018/2019. During the last school year, an incredible £11,578.74* was raised for the school over four events and activities.

You will receive an update in early December about ordering Christmas cards and gifts, showcasing an image designed by your child.

More information on both the summer fair and RunKidsRun will follow later in the school year.

*after expenses were deducted.

How is the money spent?

The money raised during the previous school year was spent as follows:

- £5562 was contributed towards the upgrading of the school's WiFi. As a result of this upgrade, all children can now access the internet at the same time, when previously it was only possible for two or three classes to be logged on at a time. The poor signal in the Morris Building has also been resolved. Now children can access resources such as Google Classroom instantly. This has been transformational.
- £1500 was spent on school trips across the years to the Little Angel Theatre.
- £1231 was spent on three Reading Sheds for the playground to encourage children to read outside of the classroom.
- £249 bought two Planters for outside of the Nursery classroom.
- £670 was spent on plants that went outside the Nursery classroom and the Morris Building.
- £1165 brought replacement benches for the school halls.
- £547 ensured that every child received a new book at Christmas.
- The F&SA also contributed towards the Teddy Bear's Picnic for new nursery and Reception families.
