Agenda:

- Welcome and Introductions
- Online Safety and the School Life
- Internet Safety Issues our children are facing
- What are parental controls?
- How can you support at home?
- Where can you go for extra support?

# Members of our School and Community

Our Vision:

Our School Vision:

REACH for your future

Respect, **E**nterprise, **A**mbition, **C**onfidence, **H**appiness

Computing
Our goal for Computing education is that children are able to use computational thinking and creativity to understand and change the world, by developing:
- knowledge of programming;
- digital literacy; and
- understanding of how to use technology safely and respectfully.

PSHE
Our goal for PSHE education is that children know how to be safe, healthy and emotionally regulated, so they can manage their future lives in a positive way, by developing:
- understanding of how to look after their physical and mental health and well-being;
- the ability to build healthy, respectful relationships based on equality and non-discrimination; and
- the personal, social and academic attributes needed to make a meaningful contribution to society.

Key internet safety issues

The internet is a fantastic place for children to learn, create and have fun, but they may occasionally have to deal with a variety of sometimes challenging issues.

- Almost 9 in 10 children (89%) aged 10 to 15 years said they went online every day.

- Around one in six children (17%) aged 10 to 15 years spoke with someone they had never met before (equivalent to 682,000 children) in the previous 12 months.

- Around 1 in 10 children (11%) aged 13 to 15 years reported receiving a sexual message, while 1 in 100 reported sending a sexual message, in the previous 12 months.

Statistics: 9 Feb 2021 using data from the 10- to 15-year-old's Crime Survey for England and Wales (CSEW)

Cyberbullying

Cyberbullying is one of the most far-reaching issues facing children today. Support your child with expert advice.

SEE ADVICE HUB

Fake news & misinformation

With so many sources of information online, it can be hard to keep up with what is real and what is fake online.

SEE ADVICE HUB

Inappropriate content

Learn how to protect your child from a range of inappropriate content that they may have a negative impact on their wellbeing.

SEE ADVICE HUB

Online grooming

As children become more relaxed about talking to strangers online, it's important to talk about the potential risks and how to stay safe.

Online pornography

Online pornography and sexualised imagery are easily accessible on the internet, learn how to protect your child from stumbling across it.

Online reputation

A child's online reputation can be affected by what they publish and post online. See tips to help them develop a positive digital footprint.

Privacy & Identity theft

A child's identity can be stolen just like an adult's can, so it's important to ensure your child understands the importance of personal data privacy.

SEE ADVICE HUB

Radicalisation

Children can be introduced to ideas online that may be considered extreme and become radicalised, see what you can do to prevent this.

SEE ADVICE HUB

Screen time

Learn more about the impact screen time can have on children and how to make the most of it to support your child.

SEE ADVICE HUB

Conduct: children may be at risk because of their own behaviour, for example, by sharing too much information

Content: age-inappropriate or unreliable content can be available to children

Contact: children can be contacted by bullies or people who groom or seek to abuse them

Commercialism: young people can be unaware of hidden costs and advertising in apps, games and websites

Online Safety at School

Safer Internet Day takes place every February

FEBRUARY
Tuesday
7
2023

- Computing lessons
- PSHE and pupil voice
- Everyday discussions
- Community constable workshops
- Digital Citizenship Class Charters
- Assemblies
- Safer Internet Day (7th February)
- Digital Warriors Club
- Webscreen filtering through LGFL

Need support from home too!

What are Parental Controls?

How to set parental controls

Many parents are put off using controls and settings as they think they will be difficult to set up, or complicated to use. With our step by steps guides, we can help make it simple and straightforward.

Smartphones and other devices

Select the device from the dropdown list

Get started

Set parental controls on your broadband to prevent your children seeing things they shouldn't

For smart phones check parental controls are also set up on the mobile network

Set up the device safely

Use the device setting so you can only download age appropriate apps and games

Disable location services so your child doesn't unintentionally share their location with others

Set up password control or disable in-app purchasing so big bills are not run up accidentally

Download age appropriate apps you're happy for your child to use

Talk about staying safe

If your children are 8-10 years old, download our parent / child Internet Matters app to help you talk about e-safety issues in an interactive way.

Be aware of key issues and how to discuss them with your children so they know how to stay safe online

If your child is using social networking apps check their profile and privacy settings, making sure they are not sharing personal or private information with people they do not know

It is never too late to set up parental controls!

https://www.internetmatters.org/wp-content/uploads/2019/04/Internet-Matters-Tips-Set-up-Safe-checklist.pdf

Once parental controls are set up, what else can I do?

- Have regular conversations at home about what apps, games and online activities are happening. The more you know, the better you are to be able to discuss how to be safe.

- Model the behaviour we want to see.

- Stay informed. By knowing what is out there, you will feel more prepared to handle situations when they come up

My Family's Digital Toolkit

Answer some simple questions about your family and get a personalised online safety toolkit

Here is the Wilson Family Digital Toolkit

We've organised the resources by age and things you can do with a little or a lot of time on your hands. Use the age-specific dropdown and navigate; Things to do now, Things to explore further and Longer reads tabs to explore the resources.

For your children aged: 6-10

5 MINUTES?

Things you can do now.

Things to explore further.

Longer reads to support your child.

In the next 5 mins, read up, watch and learn about what you can do to help your child feel more confident online and address some of the online issues they may face.

PARENTSAFE

Keeping your children safe: online & beyond

This page is for parents - if you are a teacher, click here

It's never easy to know how to keep our children safe when they aren't with us, and sometimes even when are, if we don't know what's happening in their lives or on their devices! Who are they talking to, what are they doing, are they okay? Don't despair though...scroll through this page for help or click a button to go straight to a particular topics.
